How to find your ring size?

Method 01

USE A RING TO FIND YOUR SIZE!

Steps

1. Print the chart at scale 100% for accurate sizing
2. To check the accuracy of the print measure the line below
3. Find a ring that fits you perfectly and that you wear on the same finger you will wear your MIMI ring
4. Place the ring on the circles so that the black circle touches the ring's inner circle
5. Find the perfect match!
6. If your ring falls between two sizes, order the larger size.

Method 02

MEASURE THE SIZE OF YOUR FINGER!

Steps

1. Cut out the Ring sizer, cut the line to create a slit
2. Wrap the Ring sizer around the finger at the base and pull the ends through the slit
3. Make sure the ring will fit comfortably, select a size that slide on and off your finger easily.
4. You should be able to slip it back over your knuckle.
5. If your ring falls between two sizes, order the larger size.

Tips

Finger size change depending on the time of day and weather, measure your finger at different times of the day and compare. Avoid measuring your fingers when they are cold or wet!
